### TEN TIPS FOR IMPROVING THE CHURCH

1. Remember that NO ONE is perfect (including you) and that a “perfect” congregation does not exist.

2. The best way you can improve the church is to begin improving yourself.

*From Pigg's Pen*

3. NEVER blame others for your own failures. Every individual can be fruitful in spite of the bad examples and discouraging attitudes of others, if he is determined to be.

4. When tempted to criticize others, pray earnestly for them first. This may not change them but it will do wonders for your attitude.

5. Older members treat the younger ones with the same consideration you desired as a young person. Younger members treat the adults with the respect you will want when you mature.

6. When you see a work being neglected, offer to do it or help, instead of complaining about it.

7. Take notice of the sincere, dedicated, spiritual members; mimic and thank God for them.

8. Consciously look for the good qualities in every brother and sister in Christ, and make a quick mental note of the good points each possesses.

9. Constantly strive to increase your circle of associates in the church. Try to do something good for each.

10. Every church has its share of problems. Ask yourself, “Am I part of the problem or part of the solution?” Be part of the solution.

**Next Sunday, August 30, is our Congregational Potluck.**
